- Edgerton is growing, help downtown grow with it!
- This creates immense potential to revitalize Downtown and enable it to grow with the community.
- Our approach will work with the community to create a solid strategic plan for Downtown that embraces and *maximizes potential, retains the charm, character, and rich history* of Edgerton.

**We want to hear from different perspectives to create a plan that represents the community's values.**

Edgerton has received a planning grant from MARC to develop a vision and framework to guide the future of our downtown.
