Kenneth Cook, Community Development Director, presented information about Ordinance No. 999. The City of Edgerton received an application for rezoning from Edgerton Land Holding Company requesting to rezone approximately 26.6 acres located on the East side of Waverly Road and North of Interstate 35 from Johnson County RUR to City of Edgerton Logistics Park (L-P) zoning. The rezoning application was reviewed with respect to the Edgerton Comprehensive Plan, Zoning and Subdivision regulations, and the laws in Kansas, in particular the "Golden Criteria" as established by the Supreme Court of Kansas in 1978. The Planning Commission recommended approval of the application.

Motion by Longanecker, seconded by Brown, to approve Ordinance No. 999 adopting a recommendation by the City Planning Commission to approve rezoning of approximately 26.6 acres of land (located on the east side of Waverly Road and north of interstate 35) in Edgerton, Kansas from Johnson county RUR, rural residential zoning to the L-P, Logistics Park District.

AGENDA ITEM INFORMATION FORM

Agenda Item: Consider an Agreement with Landworks Studio, LLC For Park Planning and Landscape Architecture Services

Department: Parks and Recreation

Background/Description of Item: As part of the annual budget process in both 2014 and 2015, the Edgerton City Council identified the maintenance and beautification of the city's parks and park facilities as one of the priorities. Particularly during the development of the 2015 budget, the City Council allocated \$40,000 for a large park renovation for Manor Park. Additionally, the Parks and Recreation Coordinator has identified the need to have park planning and landscape architecture professionals available on an on-call basis to assist with smaller maintenance questions and projects.

Based on those needs identified, the City of Edgerton solicited Request for Qualifications from interested firms to provide on-call park planning and landscape architecture services related to the planning, development and maintenance of city parks and facilities. Interested firms were asked to be prepared and qualified to meet the following essential duties and responsibilities:

- Assist Parks and Recreation (P/R) Coordinator with park improvement projects (i.e. Manor Park in 2015). May include, not limited to, preparing design, public involvement, review of vendor submittals, design and/or advice regarding landscaping
- Provide advice to Parks and Recreation and Public Works staff regarding maintenance of city parks and facilities.
- Provide advice and assistance to P/R Coordinator regarding landscape materials for installation at city parks and facilities
- Assist Staff in the implementation of City Council goals and priorities where park planning and development is required
- Assist with the development of a signage plan for city parks and facilities
- Assist Staff applying for applicable grant funding could include researching available grants, preparing information to include in grant applications and monitoring any construction approved for a grant project

Staff received eight Statements of Qualifications from interested firms. The selection committee (Parks and Recreation Coordinator, Community Development Director and City Administrator) reviewed the submittals and invited four firms to interview. Based on those interviews, the selection committee unanimously recommends the selection of Landworks Studio out of Olathe. Landworks Studio performs similar on-call services for other agencies and has worked for many smaller municipalities throughout Kansas. Additionally, Landworks is conveniently located in Olathe and, with a small staff themselves, understands the challenge of wearing several hats with regard to recreation programming, park maintenance, budgeting, park administration and capital planning. Additional information about Landworks can be found on their website at <http://www.landworksstudio.com/>.

Enclosed with the packet is a draft Agreement for Park Planning and Landscape Architecture services. This agreement is structured very similar to the agreement for City Engineer services. It allows the Parks and Recreation Coordinator to contact Landworks Studio for assistance. Together the P/R Coordinator and the Project Manager at Landworks determine the best staff member to provide service. The City pays for the staff member hours used based on hourly rate schedule in the agreement.

Agreement has been reviewed and approved by City Attorney.

Recommendation: Approve Agreement with Landworks Studio, LLC For Park Planning and Landscape Architecture Services

Funding Source: General – Parks – Professional Services

Prepared by: Beth Linn, City Administrator

Date: July 19, 2015

AGREEMENT FOR PARK PLANNING AND LANDSCAPE ARCHITECTURE SERVICES

Agreement made, effective on the 23rd day of July, 2015 by and between the City of Edgerton, a municipal corporation, acting by and through its authorized officers, and located in the County of Johnson, State of Kansas, referred to as "City", and Landworks Studio, LLC of Olathe, Kansas, referred as "Consultant."

The parties agree as follows:

SECTION ONE NATURE OF EMPLOYMENT

City retains and employs, pursuant to the authority conferred by it and its authorized officers of the City of Edgerton, Kansas, such Landworks Studio, LLC to act, under the title of Consultant, to render to City and its authorized officers all park planning, landscape architecture and related technical advice for the City and to represent City and its authorized officers in all related matters upon the City or any of its authorized officers request. Consultant shall serve in the capacity of an independent contractor and not an employee of the City. City shall not be liable to any third parties on account of any actions or omissions by Consultant. Consultant will indemnify, defend, and hold the City harmless from any claims brought against the City on account of any alleged negligent act or omission by Consultant.

SECTION TWO ACCEPTANCE OF EMPLOYMENT

Consultant accepts the employment as set forth in this agreement and will render to the best of Consultant's ability the services described in and during the continuance of this agreement. The Consultant will designate a Project Manager to serve as the primary point of contact with the City. The Consultant reserves the right to appoint such special assistants and consultants as necessary to assist in the employment with the City. However, the Consultant will not proceed with any service(s) without prior approval, requestor instructions from the City.

SECTION THREE COMPENSATION

As compensation for services to be rendered by Consultant under and pursuant to this agreement, City will pay to Consultant the current standard hourly rates. Landworks Studio, LLC does annual employee evaluation and reviews in December of each year and minimal salary adjustments take place in January of each year. The City will be provided with a hourly rate schedule annually.

Landworks Studio, LLC will charge mileage at the standard mileage rate published by the Internal Revenue Service. Direct expenses for printing, plots and etc. will be calculated at minimal rates.

SECTION FOUR TERMINATION

This agreement may be terminated at any time after 30 days' written notice from either party to the other party that Consultant's employment under and pursuant to this agreement is to be so terminated.

SECTION FIVE GOVERNING LAW

This agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Kansas.

SECTION SIX ENTIRE AGREEMENT

This agreement constitutes the entire agreement between the parties, and any prior understanding or representation of any kind preceding the date of this agreement shall not be binding on either party except to the extent incorporated in this agreement.

SECTION SEVEN MODIFICATION OF AGREEMENT

Any modification of this agreement or additional obligation assumed by either party in connection with this agreement shall be binding only if in writing signed by each party or an authorized representative of each party.

SECTION EIGHT INSURANCE

Consultant shall maintain general liability and errors and omissions insurance coverage, in amounts not less than \$1,000,000, for as long as they serve as Consultant. The City's insurance coverage shall not contribute with Consultant's insurance coverage in the event a claim is made against the City and/or Consultant on account of an alleged negligent act or omission by Consultant.

**SECTION NINE
PARAGRAPH HEADINGS**

The titles to the paragraphs of this agreement are solely for the convenience of the parties and shall not be used to explain, modify, simplify or aid in the interpretation of the provisions of this agreement.

IN WITNESS WHEREOF, the parties have set their hands this 23rd day of July, 2015.

AGENDA ITEM INFORMATION FORM

Agenda Item: Consider Purchase of a Truck for Building Inspector through the Mid America Regional Council's Metro Vehicle Bid List

Department: Community Development

Background/Description of Item: On February 26, 2015 the Edgerton City Council approved the addition of a Building Inspector as a new Authorized Paid Position. Staff has proceeded with a recruitment process and has made an offer to our preferred candidate, who is scheduled to start Monday, July 27, 2015. Part of adding this new position is the need to purchase equipment, including a truck, as part of the operation of this new position.

Staff recommends the purchase of a 2015 Ford F150 Super Cab 4x4. For the F150, the low bid through the MARC cooperative purchasing pool is from Shawnee Mission Ford in the amount of \$22,509 base price. Additionally, staff is requesting four additional upgrades from the base price. Those upgrades are listed below and are similar to what was used for the Animal/Code Enforcement Officer.

- Power windows (\$998) – Staff expects that the Building Inspector will perform similar functions as the AC/CEO and will also be frequently signaled by residents to stop while driving to discuss a matter or ask a question. Citizens most often approach from the passenger's side (curb side) for safety and reaching over to manually lower the passenger's side window over equipment, etc can be difficult. This requires the resident to come to the driver's side of the vehicle or the Inspector to park and exit the vehicle. Power windows would greatly increase the safety and efficiency for both residents and staff.
- 2.7 Ecoboost V6 (\$678) – This engine provides increased fuel efficiency of greater than 20% over base V6 while producing the power of a V8 enabling the truck to increase pay load. Additionally, this option comes with Ford's start/stop technology that shuts the engine off as the brake pedal is held down and immediately starts as the brake pedal is released further increasing fuel mileage.
- Cab steps (\$214) – Safety feature for easier entering and exiting the vehicle.
- Spray in bed liner (\$465) – Protect the bed and keep equipment from sliding around.

The Vehicle and Equipment Policy requires the Department Director to prepare the specifications for the replacement vehicle with an effort for those to be as "standard" as possible to provide for economical and efficient repairs. It also requires that the City first use cooperative purchasing partnerships. The City's purchasing policy requires that purchases over \$25,000 must first be approved before bids are acquired. Staff met these criteria by using the Mid America Regional Council (MARC) Metro Vehicle Bid List. The total price for the truck, including upgrades, through the MARC Metro Vehicle Bid list is \$24,864. The City Council recently updated this policy to include the requirement that similar used vehicles also be taken into consideration. Following is a list of similar used vehicle for comparison. The search had to be extended to Wichita to include some vehicles that are closer to the specifications for the F-150 through MARC.

<u>Year</u>	<u>Mileage</u>	<u>Price</u>
2011	94,439	\$21,450 (XL, Crew Cab)

2010	113,926	\$21,988 (XLT, Crew Cab)
2014	17,659	\$25,000 (XL, Regular Cab)
2012	24,601	\$28,000 (XLT, Super Cab)
2013	14,572	\$31,603 (XLT, Crew Cab)
2013	26,201	\$32,152 (XL, Super Cab)

Prices do not include warranty. Manufacturer's warranty has expired on most of these. Individual dealerships may offer additional warranty for purchase.

In addition to the purchase of the vehicle, additional improvements are also needed for this vehicle for safety lighting. These improvements will not be made until the vehicle is received by the City and will be made through a separate vender. Staff received quotes from Ka-Comm., Inc (\$1,387.01) out of Olathe and also American Equipment (\$1,080.00) out of Kansas City, Kansas. Staff is recommending that the high bid be used on this purchase as the vender is currently being used for the installation of safety lights on other city vehicles, is located in a closer proximity, and will place the lights inside the back window instead of gluing them on the outside of the truck.

Please find enclosed the Fund Summary for the Equipment Reserve Fund that includes the purchase of the F150 Super Cab. The actual ending fund balance on 12/31/2014 in the General Equipment Reserve Fund was higher than projected. Staff was able to increase the transfer of revenue from Parks to General Equipment Reserve Fund to fund the entire purchase of a mower. Additionally, the tandem truck was \$71,000 less than originally budgeted and the purchase of a new roller has been moved from 2014 to 2015. The purchase of the AC/CEO truck also occurred on February 27, 2015. Finally, staffs recommends transferring excess unallocated general funds equal to the amount of the purchase.

Describe need for vehicle or equipment: The new position of Building Inspector requires the purchase of a vehicle as part of the function of this position. Recommend using Shannex Mission Ford. This also includes the purchase & installation of safety lighting for the truck. Staff recommends using Ka-con, Inc. due to companies proximity and proposed design of system.

Please input information for preferred vehicle/equipment and attach bid documentation.

AGENDA ITEM INFORMATION FORM

Agenda Item: Consider Increase in Project Funding for CARS Project - Edgerton Road & 207th Street From 199th Street To 207th Street And ½ Mile West Of Edgerton Road To BNSF Railroad

Department: Public Works

Background/Description of Item: On July 10, 2014, City Council approved Resolution No. 07-10-14A for a joint overlay project for Edgerton Road (207th Street to Nelson Street) and 207th Street (½ mile west of Edgerton Road to BNSF Railroad). The project is submitted by Johnson County and the City of Edgerton for 2015 County Assistance Road System (CARS).

The overlay project has now been publicly bid. Johnson County staff previously estimated the total project cost at \$169,678. CARS program approved funding 50% of project costs (\$84,839). The remaining estimated costs were to be split evenly between Johnson County and Edgerton equaling \$42,419.50 each. The actual bid amount (\$201,687) exceeds the original budget amount by \$32,009. The CARS program allows jurisdictions to request additional funding based on actual bids received. County staff is confident that Johnson County/Edgerton would be eligible to submit this actual bid amount and receive the 50% CARS funding amount. Below is a new calculation of Edgerton's share of actual project costs.

Total Bid Amount:	\$201,687
CARS funding (50%)	<u>\$100,843.50</u>
Remain to be split	\$100,843.50

Remain to be split	\$100,843.50
Edgerton (50%)	\$50,421.75

Original budget	\$42,419.50
New Edge share	<u>\$50,421.75</u>
Overage	\$8,002.25

Staff has updated the Special Highway Fund Schedule for 2015 to reflect this increase in cost. By participating in the CARS project with Johnson County, Edgerton is only responsible for 25% of the increase in actual cost.

Enclosure: Special Highway Fund 2015

Recommendation: Approve Increase in Project Funding for CARS Project - Edgerton Road & 207th Street From 199th Street To 207th Street And ½ Mile West Of Edgerton Road To BNSF Railroad

Funding Source: Special Highway Fund
