- Approve 2018 Budget Calendar
- Project Update – Edgerton Wastewater Treatment Plant Conversion to Pump Station/Force Main

10. **Report by the Mayor**

11. **Future Meeting/Event Reminders:**

- March 14th 6:00 PM – Planning Commission Work Session
- March 14th 7:00 PM – Planning Commission Meeting
- March 15th Noon – Senior Lunch
- March 16th – City Council Work Session Parks Master Plan
- March 23rd 7:00 PM – City Council Meeting

12. **CONSIDER RECESSING INTO EXECUTIVE SESSION PURSUANT TO K.S.A. 75-4319
(b) (2) CONSULTATION WITH AN ATTORNEY DEEMED PRIVILEGED IN THE
ATTORNEY-CLIENT RELATIONSHIP TO INCLUDE CITY ATTORNEY AND CITY
ADMINISTRATOR**

Motion: _____ Second: _____ Vote: _____

RECONVENE INTO OPEN SESSION

13. **Adjourn** Motion: _____ Second: _____ Vote: _____

February 23, 2017

Mayor Donald Roberts
Members of the City Council
Chairman Chuck Davis, Planning Commission
City of Edgerton
404 East Nelson
Edgerton, Kansas 66021

Re: Planning Commission Resignation

Dear Mayor Roberts, Members of the City Council, and Chairman Davis:

Due to my appointment to the Edgerton City Council, please except my resignation from the Planning Commission effective today.

It has been an honor and a privilege working with the other commissioners and City Staff to help plan and guide the future development of our city, making it a better place for future generations. It has been so satisfying to drive through the Logistics Park District and see the fruits of our work. New buildings, roads, and, importantly, new jobs.

Thank you for allowing me to give back to my community and now affording me that same opportunity on the City Council.

Sincerely,

Ronald L. Conus

AGENDA ITEM INFORMATION FORM

Agenda Item: Consider Purchase of a Truck for Parks & Recreation through the Mid America Regional Council's Metro Vehicle Bid List

Department: Parks and Recreation

Background/Description of Item:

In May of 2016, staff identified vehicles and equipment that were in need of replacement. The recommendations were presented to Council at the Work Session on May 19, 2016. In these recommendations staff identified vehicles and equipment scheduled for replacement in 2017 budget cycle. At that time, staff recommended that \$25,000 be allocated for a ½ ton pickup (F-150 or similar) for Parks and Recreation.

With the increased park and field maintenance activities, staff recommends the Parks and Recreation truck be upgraded to include the capability to haul equipment and any additional heavy materials as needed. To meet this need, staff recommends changing the vehicle from a ½ ton (F-150 or similar) to 1 ton (F-350 or similar). Below are the outlined recommendations/specifications for the upgrade of the vehicle. Additionally, this increase in capacity provides for the vehicle to accept a plow, allowing for Parks and Recreation to assist in winter operations and increasing the capability of Edgerton's Fleet.

Staff recommends the purchase of a 2017 Ford F-350 Crew Cab, 4x4, Short Bed. For the F-350, the low bid through the MARC cooperative purchasing pool is from Shawnee Mission Ford in the amount of \$30,735.00 base price. Staff is requesting additional upgrades from the base price. Those upgrades are listed below.

Factory Upgrade Options: \$1,320.00 Total

- Skid Plate (41P) \$92 – Increased protection for the Transfer-Case and Fuel Tank when the truck is driven off the roadway.
- Up-fitter Switches (66S) \$152 – Switch block used in conjunction with safety and emergency lighting as well as additional electronic up-fits as needed.
- 110V/400W (43C) \$69 – Allows for staff to have electrical connection in the field, this can be used for charging battery powered tools, electronics, and a variety of other items.
- Tailgate Step (85G) \$320 – This provides staff with a safer means of accessing the payload within the bed.
- Limited Slip (X3E 3.73) \$359 – The limited slip rear end prevents power being limited to one wheel, helps to ensure that both rear wheels rotate under power and prevents loss of traction. This is important in situations off road and during winter operations.
- Trailer Brake Controller (52B) \$249 – Increased safety when towing trailers, less wear and tear on the vehicle when towing and allows for hauling of larger equipment when necessary.
- Snow Plow Prep Package (473) \$79 – Package to prep the vehicle for the plow setup.

Aftermarket Dealer Options: (Plow Set-up) \$5,724.00 Total

- **8' Pro-Plus Series Snow Plow with Ultra-mount** \$5,724 – This will help to increase the efficiency and effectiveness of winter operations.

Aftermarket Department Options: \$1,709.09 Total

- Safety/Emergency Lighting: Ka-Comm, Inc. \$1,208.09 – These additional improvements will be made once the vehicle is received, this vendor has provided the installation on many of the city vehicles and with close proximity to the city, staff recommends the continued use of this vendor.
- Running Boards/Nerf Bars \$200 – Easier access to the Cab.
- Tool Box \$300 – Storage for tools and equipment needed for day-to-day work.

The Vehicle and Equipment Policy requires the preparation of the specifications for the replacement **vehicle with an effort for those to be as "standard" as possible to provide for economical and efficient repairs. It also requires that the City first use cooperative purchasing partnerships. The City's purchasing** policy requires that purchases over \$25,000 must first be approved before bids are acquired. Staff met these criteria by using the Mid America Regional Council (MARC) Metro Vehicle Bid List. The total price for the truck, including factory upgrades, through the MARC Metro Vehicle Bid list is \$32,055.00. The City Council recently updated this policy to include the requirement that similar used vehicles also be taken into consideration. Following is a list of similar used vehicle for comparison. The search had to be extended to a 500-mile radius to include vehicles that are closer to the specifications of the F-350 through MARC.

<u>Year</u>	<u>Mileage</u>	<u>Price</u>
2015	89	\$34,031 (XL, Crew Cab)
2015	27,115	\$35,000 (XLT, Crew Cab)
2015	7,388	\$35,950 (XLT, Super Cab)

Prices do not include warranty or optional specified equipment from above. **Manufacturer's warranty is** close to expiring on a couple of these. Individual dealerships may offer additional warranty for purchase.

Please find enclosed the Fund Summary for the Equipment Reserve Fund that includes the cost of the F-350 Crew Cab, as outlined above. The replaced vehicle will be sold through an auction site or similar process. Staff estimates the surplus value to be approximately \$1,500. Funds received from the sale of the replaced vehicle will be deposited into the Equipment Reserve Fund.

Summary of Vehicle Cost:

\$39,488.09 Total cost of proposed vehicle with increased capabilities
\$25,000.00 Cost of Parks & Recreation vehicle included in 2017 Vehicles & Equipment Plan
\$14,488.09 Increased in cost reflected in the draft 2018 Vehicles & Equipment Fund Summary

Enclosure: MACPP Vehicle Metro Bid Tabulation: Shawnee Mission Ford
 Vehicle and Equipment Fund Summary (2/1/2017)
 Equipment Request with corresponding bid information

Related Ordinance(s) or Statute(s):

Recommendation: Approval of the purchase of: (1) a Ford F350 Crew Cab truck through the Mid America Regional Council's Metro Vehicle Bid List from Shawnee Mission Ford in the amount of \$32,055.00; **(2) 8' Pro-Plus Plow & Mounting** in the amount of \$5,724; (3) Safety Lighting from Ka-Comm, Inc in the amount of \$1,208.09; and (4) Nerf Bars & Tool Box in the amount of \$500; with a total of \$39,488.09 for the vehicle and all accompanying equipment.

Funding Source: General Equipment Reserve Fund

Prepared by: Tegan Meadors, Parks & Recreation Coordinator; Trey Whitaker, Public Works Superintendent
Date: March 6, 2017

VEHICLE & EQUIPMENT

Vehicle or equipment requested: 2017 Ford F-350 Date: 2/20/17

Describe need for vehicle or equipment: Unit #103 has reached the end of its useful life and needs to be replaced. This unit currently allows
allows staff to ensure that the network of parks are maintained to the highest standard, this includes daily parks runs for trash and to
insure integrity of the parks, hauling materials for field maintenance, hauling of equipment, other necessary Parks & Recreation tasks and
assisting in winter operations.

Describe bid process and attach documentation: The purchase of this unit falls under the cooperative purchasing policy of the City,
this allows for access to bids executed by MCAPP/MARC. Staff looked over the bid tabulations from multiple dealers in the metro
area, as well staff look into used options for comparison *(used vehicles pricing is solely for the vehicle). Additional options are included in
the pricing below, this includes safety lighting, running boards, tool box and all factory options.

Save \$20.00

- 60in. x 69in. x 8 1/2in. x 13in. x 20in. (see dimensional diagram)
- Solid one-piece aluminum body construction holds up to rugged use
- Stylish wide channel allows lid to open and increases cab visibility
- Integral end design is stronger and creates a small parts storage area
- Dual auto-lift self-rising shocks allow for easy single-handed entry

World Class, Built to Last

Backed By a Limited Lifetime Warranty

Product Summary

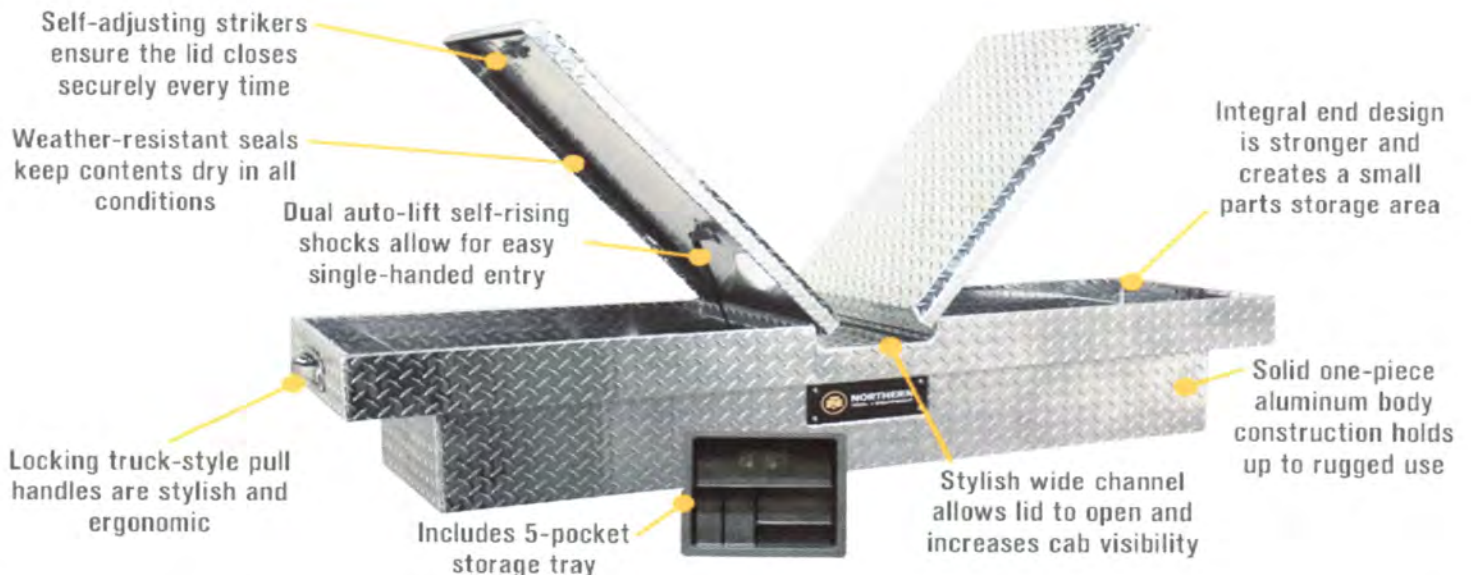

This extremely versatile Northern Tool + Equipment Universal 2-Lid Crossbed Truck Storage Box is capable of being opened from either end for easy and convenient access. A wide channel between the lids allows plenty of room for easy opening, plus increased visibility from the cab of the truck. The box is designed with patented integral ends, using a solid piece of metal to add strength and create a small parts storage area. The locking stainless steel pull handle latches are easy to open yet provide extra security.

What's Included

(1) 2-lid crossbed truck box (1) 5-pocket storage tray
