

EDGERTON CITY COUNCIL
***AMENDED* MEETING AGENDA**
CITY HALL, 404 EAST NELSON STREET
JULY 23, 2026
7:00 P.M.

Call to Order

1. Roll Call

____ Roberts ____ Longanecker ____ Lewis ____ Conus ____ Lebakken ____ Malloy

2. Welcome

3. Pledge of Allegiance

Consent Agenda *(Consent Agenda items will be acted upon by one motion unless a Council member requests an item be removed for discussion and separate action)*

4. Approve Minutes from Regular Meeting on July 9, 2026, Regular City Council Meeting
5. Approve Minutes from Special Meeting on July 16, 2026, Special City Council Meeting

Motion: ____ Second: ____ Vote: ____

Regular Agenda

6. **Declaration.** At this time Council members may declare any conflict or communication they have had that might influence their ability to impartially consider today's issues.
7. **Public Comments.** Members of the public are welcome to present their items of concern to the City Council. The Council will not discuss or debate these items, nor will the Council make decisions on items presented during this time. Speakers should address their comments to City Council only not members of the audience or staff.

Persons wishing to address the City Council must sign up before the meeting begins. Speakers must provide their name and address for the record and are limited to three (3) minutes. The maximum time limit for all speakers will be a total of thirty (30) minutes.

Written comments must be submitted by close of business on the day prior to the meeting at CityClerk@edgertonks.org. Written comments shall include name and address for the record.

Business Requiring Action

8. **CONSIDER CHANGE ORDER #6 TO KANSAS HEAVY CONSTRUCTION, LLC FOR THE EAST 2ND STREET/EDGEWOOD AND EAST 3RD STREET RECONSTRUCTION PROJECT**

Motion: ____ Second: ____ Vote: ____

9. **CONSIDER A CHANGE ORDER #1 TO THE PROFESSIONAL SERVICES AGREEMENT WITH SCARECROW FARM AND LAWN FOR RIGHT-OF-WAY MOWING AND EDGE MAINTENANCE**

Motion: _____ Second: ____ Vote: _____

10. CONSIDER AUTHORIZATION TO SUBMIT A KDOT CARBON REDUCTION PROGRAM (CRP) GRANT APPLICATION AND A \$200,000 LOCAL MATCH FOR THE NELSON STREET PEDESTRIAN CORRIDOR IMPROVEMENT PROJECT

Motion: _____ Second: ____ Vote: _____

11. CONSIDER AWARD OF CONSTRUCTION TO MID AMERICA ROAD BUILDERS FOR THE 2026 STREET PRESERVATION PROGRAM - CHIP SEAL PROJECT

Motion: _____ Second: ____ Vote: _____

12. Report by the City Administrator

- Q2 Utilities Report
- Q1 & Q2 Community Development Report
- Q1 & Q2 Johnson County Sheriff's Office Report

13. Report by the Mayor

14. CONSIDER RECESSING INTO EXECUTIVE SESSION PURSUANT TO THE ATTORNEY/CLIENT EXCPTION TO INCLUDE CITY ATTORNEY AND CITY ADMINISTRATOR FOR THE PURPOSES OF CONSULTATION WITH AN ATTORNEY WHICH WOULD BE DEEMED PRIVILEGED IN THE ATTORNEY-CLIENT RELATIONSHIP (K.S.A. 75- 4319(B)(2))

16. Future Meeting Reminders:

July 23: City Council Meeting
August 11: Planning Commission Meeting
August 13: City Council Meeting
August 27: City Council Meeting
September 8: Planning Commission Meeting
September 10: City Council Meeting

17. Adjourn

EVENTS

July 28: Toddler Gym Jam

July 28: Crafty Kids – Bedazzle Sunglasses

August 7: Animal Wonders

August 7: Back to School Glow Foam Party brought to you by Clearwave Fiber

August 11: Tales for Tots

August 12: Beaded Plant Pot

August 25: Toddler Gym Jam

City of Edgerton, Kansas
Minutes of City Council Regular Session
July 9, 2026

A Regular Session of the City Council was held in the Edgerton City Hall, 404 E. Nelson, Edgerton, Kansas on July 9, 2026. The meeting convened at 7:00 PM with Mayor Roberts presiding.

1. ROLL CALL

Donald Roberts	Present
Clay Longanecker	Present
Josh Lewis	Present
Deb Lebakken	Absent
Bill Malloy	Present
Ron Conus	Present

With a quorum present, the meeting commenced.

Staff in attendance:

- City Administrator, Beth Linn
- City Attorney, Todd Luckman
- Assistant to the City Administrator, Trey Whitaker
- Assistant to the City Administrator, Kara Banks
- City Clerk, Dusti Callahan
- Public Works Director, Dan Merkh
- Development Services Director, Zach Moore
- Parks and Recreation Director, Levi Meyer
- Finance Director, Karen Kindle
- Senior Accountant, Justin Vermillion
- Public Works Foreman, Chase Forester
- Construction Project Manager, Todd Veeman
- Maintenance Technician II – Parks, Colton Hamilton

2. WELCOME. Mayor Roberts welcomed all in attendance.

3. PLEDGE OF ALLEGIANCE. All present participated in the Pledge of Allegiance.

Consent Agenda *(Consent Agenda items will be acted upon by one motion unless a Council member requests an item be removed for discussion and separate action)*

4. Approve Minutes from June 25, 2026, Regular City Council Meeting

Councilmember Longanecker motioned to approve the consent agenda, seconded by Councilmember Lewis. The motion carried 4-0 by the following vote:

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

Yes: Longanecker, Lewis, Conus, Malloy
Absent: Lebakken

Regular Agenda

5. **Declaration.** Council members had nothing to declare.

6. **Public Comments.**

Scott Lawrence, a Johnson County resident, expressed his thanks to DAMAC for their interest in spending their money in our small town. Mr. Lawrence raised his concerns about potential lawsuits and city code violations related to environmental issues and water usage for the proposed data center

Carrie Schmidt, a Gardner resident, criticized the lack of public hearings regarding the addition of data centers to business districts. Ms. Schmidt also questioned the Council's decisions on the moratorium and argued that proper procedures have not been followed.

William LaFalce, an Edgerton resident, referenced John Locke's social contract theory. He argued that citizens have the right to revolt against a government that abuses power, implying a call for action against perceived tyranny.

Senator Doug Shane, a Miami County resident, gave a thank you to the City Council for their service, and acknowledged the challenges surrounding data centers. Mr. Shane urged the Council to pause and assess the situation at hand.

Mary Rogers, an Edgerton resident, expressed her strong opposition for the data center. Ms. Rogers cited ethical concerns about labor practices in the company's home country. She also expressed concerns over environmental issues related to water usage.

Kristen Schultz, a Johnson County resident, emphasized the importance of local control in decision-making, and the need for transparency and respect from elected officials. Ms. Schultz urged Council to ensure the public's voice is heard in the decision-making process.

Representative Courtney Sappington, a Baldwin City resident, acknowledged the concerns about data centers and suggested the Council wait for the state legislature to consider regulations. Ms. Sappington noted that some foreign companies lack a proven track record.

Kristi Espinosa, an Edgerton resident, raised concerns about drainage issues in her neighborhood. She requested the Council's attention to the problem and offered photos of the drainage problems that are being experienced.

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

Business Requiring Action

7. CONSIDER REPLACEMENT OF THE HVAC UNIT AT EDGERTON COMMUNITY MUSEUM

Parks & Recreation Director, Levi Meyer, stated on June 16, 2026, staff was notified the air conditioning system was not working in the Edgerton Community Museum. After further assessment, repair was not a feasible solution due to the approximate 15-year-old system, condition, and lack of parts. Staff solicited bids from multiple vendors. Santa Fe Heating & Air bid \$8,583 and was recommended as the most economical choice, with a SEER2 rating of 25. OneChoice offered a longer-warranty alternative.

City Clerk, Dusti Callahan, read Councilmember Lebakken's submitted email comment regarding this council item.

Councilmember Longanecker motioned to approve, seconded by Councilmember Conus, item seven under the Business Requiring Action items for Santa Fe Heating & Air to replace the HVAC system at \$8,583. The motion carried 4-0 by the following vote:

Yes: Longanecker, Lewis, Conus, Malloy

Absent: Lebakken

8. CONSIDER DESIGNATION OF OFFICIAL CITY NEWSPAPER

Kara Banks, Assistant to the City Administrator, stated that two years ago, the City designated the Legal Record as the designated official City newspaper. The Johnson County Post is now state-qualified for legal notice publication. She gave a brief comparison of prices. The Johnson County Post gives more accessibility for residents for subscriber costs and local coverage.

Mayor stated he was pleased there is another local option and people can choose to subscribe.

Councilmember Longanecker liked the idea, as this will give people a better chance to get this "old style." He then asked if the slightly higher costs for publication would impact the budget.

Ms. Banks explained that the budget for this is about \$5,500 a year, but it is difficult to say how much will be used in any given year because it depends on how many ordinances, public hearings, etc that the City must publish.

Councilmember Longanecker motioned to approve item eight on the Business Requiring Action items, seconded by Councilmember Malloy. The motion carried 4-0 by the following vote:

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

Yes: Longanecker, Lewis, Conus, Malloy
Absent: Lebakken

9. Report by the City Administrator

- **Q1 & Q2 Public Works Report**

- Public Works Forman, Chase Forrester gave a summarization of winter and spring operations and preventative work. There were approximately 170 tons of salt spread, 1,600 gallons of brine sed, 3,450 miles driven, 245 miles swept, 12 miles of gravel road maintenance, and 40 tons of asphalt patch material used. There was extensive plowing during storms, tree trimming, valve exercising, storm-box cleanout program completion, and 68 fleet work orders to restore equipment to readiness. Crack sealing is 50% complete, and staff continue summer operations and maintenance.

10. Report by the Mayor

Mayor requested City Attorney, Todd Luckman give an update regarding a KORA request, and inquiry from the Attorney General. The AG (Attorney General) received a complaint about a records/Word document turnover request. The City responded fully to the AG's information request. After AG review, it was concluded there were no violations found, the exception the City used was correctly applied, and no further action will be taken. The City's staff and City Attorney's work and procedures were validated by the AG response.

Mayor Roberts thanked Mr. Luckman and staff for their work in this process. He reminded those in attendance that the council will transition into a work session to look at the 2027 Budget. Staff will need about 15 minutes to rearrange the room before starting the work session.

Mayor then reminded the Council of the future meetings.

- July 14: Planning Commission Meeting
- Added July 16: Special Council Meeting
- July 23: City Council Meeting
- August 11: Planning Commission Meeting
- August 13: City Council Meeting
- August 27: City Council Meeting

11. Adjourn

Councilmember Lewis moved to adjourn, seconded by Councilmember Longanecker. The motion carried 4-0 by the following vote:

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

Yes: Longanecker, Lewis, Conus, Malloy
Absent: Lebakken

The meeting was adjourned at 7:36 pm.

Submitted by Dusti Callahan, City Clerk.

DRAFT

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

City of Edgerton, Kansas
Minutes of City Council SPECIAL Session
July 16, 2026

A Special Session of the City Council was held in the Edgerton City Hall, 404 E. Nelson, Edgerton, Kansas on July 16, 2026. The meeting convened at 7:00 PM with Mayor Roberts presiding.

1. ROLL CALL

Donald Roberts	Present
Clay Longanecker	Present
Josh Lewis	Present
Deb Lebakken	Present
Bill Malloy	Present
Ron Conus	Absent

With a quorum present, the meeting commenced.

Staff in attendance:

- City Administrator, Beth Linn
- City Attorney, Todd Luckman
- Assistant to the City Administrator, Trey Whitaker
- Assistant to the City Administrator, Kara Banks
- City Clerk, Dusti Callahan
- CIP Project Manager, Rhoderic Montgomery
- Development Services Director, Zach Moore
- Finance Director, Karen Kindle
- Senior Accountant, Justin Vermillion

2. WELCOME. Mayor Roberts welcomed all in attendance.

3. PLEDGE OF ALLEGIANCE. All present participated in the Pledge of Allegiance.

Consent Agenda *(Consent Agenda items will be acted upon by one motion unless a Council member requests an item be removed for discussion and separate action)*

4. Confirm Request for a Special Meeting of the Edgerton City Council

Councilmember Lewis motioned to approve the consent agenda, seconded by Councilmember Malloy. The motion carried 4-0 by the following vote:

Yes: Longanecker, Lewis, Lebakken, Malloy

Absent: Conus

Regular Agenda

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

5. Declaration.

Mayor Roberts stated he has seen plenty on social media and emails over this discussion. He is here for the facts of this particular issue, and he will make his decision based on those.

Councilmember Lewis stated he wanted to address the public since he seems to be a main focal point lately. It was brought to his attention that some individuals have suggested he abstain from voting on matters related to the data center project based on his employment. After review, he is not aware of any current contract, business relationship, or financial interest involving his employer and the proposed project that would create a conflict of interest requiring him to abstain from voting. As an elected official, he has a responsibility to evaluate the facts, consider the interests of the community, and carry out those duties entrusted by the residents he represents. He will participate in discussions and vote on matters related to this project unless information comes to light that would require another action. If any conflict were to arise, he would address so openly and appropriately. Mr. Lewis stated he remains committed to transparency, integrity, and making decisions based on what he believes is in the best interest of Edgerton and the residents.

Business Requiring Action

6. CONSIDER THE APPEAL BY DAMAC DIGITAL SOLUTIONS KANSAS, LLC OF THE EDGERTON PLANNING COMMISSION'S DENIAL OF FINAL SITE PLAN APPLICATION FSP2026-0002.

Mayor Roberts read aloud how this appeal process and meeting will work.

DAMAC representative, Charles Renner, attorney with Husch Blackwell, presented. Mr. Renner stated the application included text and visuals clearly indicating generator fuel tanks would be below ground, which is in compliance with City Code. This was the reasoning for Planning Commission denial. The described generator "pods" with integral "belly" or sub-base tanks housed under the generator skid; showing side views to demonstrate below-grade tank placement. Mr. Renner emphasized their submission complied with the code, and accepted staff conditions previously. He stated the Planning Commission's scope for site plan review is limited and argued that the Commission improperly relied on "discomfort" about a data center use rather than a code deficiency, effectively bypassing staff's technical review process. The outcome requested was to allow the process to continue with staff and applicant completing the next steps toward a final approved site plan. He asked Council to approve the appeal so remaining technical work can proceed.

The Edgerton City Staff report was read aloud by City Administrator, Beth Linn. Staff performed a standard review with City Engineer, Johnson County Fire District #1, and GBA. All

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

recommended approval with conditions based on submitted materials. UDC 5.2.H.4 states "Any exterior fuel tank must be located below ground" and the below-ground tanks must meet IBC/IFC/KDHE standards and be shown on final site plans. Staff noted that some plan review items are detailed technical items, like road compaction, door sizes, electrical outlets, permits, etc, that are part of subsequent plan and building permit steps, not necessarily resolved at Planning Commission site plan vote. Staff observed applicant provided documentation about generator pods and below-grade fuel storage and confirmed the requirement to meet applicable building and environmental standards. Planning Commission voted to deny the application because the submitted plan did not meet the city's regulations regarding the requirement that fuel tanks must be located underground. The applicant recognized the requirement for underground tanks during the Commission meeting, but did not include this stipulation in their proposal, resulting in the denial. The report concludes that applicants are subject to all applicable city codes, even if not explicitly stated in the report, and the installation of tanks must comply with those codes.

City Attorney, Todd Luckman stated there are two legal determinations, one being whether the Commission's denial was a reasonable application of UDC 10.1.H.8 (the eight standards) given the record, and two, whether the cited regulatory deficiency UDC 5.2.H.4 (requirement for below-ground tanks) was in the scope of the Commission's review at the time of its decision. Council must assess whether Planning Commission improperly drilled into technical code matters beyond their limited site plan scope or whether their discretion to condition/deny was reasonable. Mr. Luckman stated the Council can find one of three options: uphold the denial, reverse/approve the appeal, or remand back to Commission for further fact-finding and clarification. He stated during the initial Planning Commission meeting, he was guiding the Planning Commission to make sure that they understood that they had to tie a finding to Section 10.1.H. DAMAC acknowledged that the fuel tanks had to be underground. What was presented at the Planning Commission meeting was that the tanks were actually above ground. When this issue was brought up, a Planning Commissioner specifically asked the question whether they were above ground. She received an answer, indicating they were belly tanks above ground. He stated there is a factual problem with the idea that the commission was unreasonable in their proceeding with the information they were given. As the appeals body, Council has the ability to look at the facts, minutes, and what is provided to make a determination.

Mr. Renner stated Kansas law and local code distinguish high-level comprehensive-plan consistency from detailed technical regulations. He stated conformance with the comprehensive plan is in line with site design. Kansas law is clear that general language does not mean to drill down on some of those details in that step of the process. The applicant acknowledged the requirement under the L-P District regulations that exterior fuel tanks must be located below ground. He added there was never any indication that DAMAC was not going to follow the code. He argued Mr. Luckman's timeline of a discussion about these tanks was wrong. Planning Commission's rules are clear that decisions shall be based upon facts entered into the record at the public hearing phase of the meeting.

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

Councilmember Lewis asked if there is there a definition in code for underground and below grade that might require something different.

Development Services Director, Zach Moore answered there is a definition of grade which is the average level of the finished surface of the ground adjacent to the exterior walls of the building or structure. However, it does not appear that we have a definition for ground.

Councilmember Lewis clarified the terms keeps interchanging so he wanted to know the clear definition based on our code.

Ms. Linn read UDC 5.2.H.4, Any exterior fuel tank must be located below ground. All below-ground fuel tanks must meet a minimum international building code, international fire code, Kansas Department of Health and Environment requirements. Below-ground tanks must be shown on final site plans and must meet the appropriate code requisite and properties.

Mr. Renner stated however this interpretation applies, that is what we have applied to do and what we will do.

Mayor Roberts then asked Mr. Luckman to explain executive session.

Mr. Luckman stated Council has the right as a quasi-judicial body to recess for the purposes of conferring about a result. This is similar to a jury, for example, when a jury goes back into the room and can talk freely about what they think and go back and forth. If Council needs more answers, they can come back and ask whatever questions they may have, then confer again.

Councilmember Longanecker made motion to go into executive session for 20 minutes beginning at 8:00 pm with the mayor and all councilmembers regarding the purpose of conferring about a result, seconded by Councilmember Lebakken. The motion carries 4 – 0 by the following vote:

Yes: Longanecker, Lewis, Lebakken, Malloy
Absent: Conus

Councilmember Longanecker made motion to bring the meeting back to regular session at 8:22 pm with no action taken, seconded by Councilmember Malloy. The motion is carried 4-0 by the following vote:

Yes: Longanecker, Lewis, Lebakken, Malloy
Absent: Conus

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

Councilmember Lewis made motion to approve the appeal, citing the applicant's initial April 16, 2026, application and their commitment to comply with UDC, KDHE, IFC, IBC, and other codes without deviations. Councilmember Longanecker seconded the motion.

Mr. Luckman confirmed with Councilmember Lewis if his vote is in reliance upon DAMAC complying with the zoning code and the other building codes he mentioned.

Councilmember Lewis confirmed yes, as stated in their initial application.

Councilmember Lebakken stated she does not like it, but she will go with the laws the City has established.

Mayor encouraged other Council Members to make statements like Councilmember Lebakken if they wished. No additional comments were added.

The motion is carried 4-0 by the following vote:

Yes: Longanecker, Lewis, Lebakken, Malloy
Absent: Conus

7. Adjourn

Councilmember Lewis moved to adjourn, seconded by Councilmember Lebakken. The motion carried 4-0 by the following vote:

Yes: Longanecker, Lewis, Lebakken, Malloy
Absent: Conus

The meeting was adjourned at 8:25 pm.

Submitted by Dusti Callahan, City Clerk.

The provided minutes are a summarization of the official actions and formal decisions of the referenced City Council Meeting. The law does not require meeting minutes to be a full and complete transcription of the meeting. Minutes are retained in accordance with State record retention and archiving laws.

City Council Action Item

Council Meeting Date: July 23, 2026

Department: Public Works

Agenda Item: Consider Change Order #6 to Kansas Heavy Construction, LLC for the East 2nd Street/Edgewood and East 3rd Street Reconstruction Project.

Background/Description of Item:

On June 8, 2023, City Council approved the professional services agreement with Renaissance Infrastructure Consulting, Inc. (RIC) for the design of the East 2nd Street Reconstruction Project. The project scope was adjusted during design to include Edgewood and East 3rd Street.

On December 12, 2024, City Council approved the concurrence to bid for the total combined project scope. On April 24, 2025, City Council approved a budget adjustment for the project to set the total budget at \$6,916,958. That same night City Council awarded the construction contract to Kansas Heavy Construction in the amount of \$5,191,817.

There have been 5 change orders thus far for the project. Change Order #5 brought the contract amount to a total of \$5,412,437.66

The project has reached the stage of **Substantial Completion**, and a punch list identifying the remaining corrective and closeout items has been provided to Kansas Heavy Construction. These items are minor in nature and do not affect the intended use of the project.

Change Order No. 6 has been prepared to reconcile the contract quantities with the actual quantities incorporated into the work during construction. Based on the final measured quantities, the contract amount will be reduced by **\$37,438.20**.

Also included in this Change Order is an extension of time to allow safety railing (located at the culvert along 2nd Street) to be manufactured and installed. This change order proposes a completion date of October 15, 2026.

Kansas Heavy Construction will complete the remaining punch-list items in accordance with the Contract Documents. Upon completion of these items and submission of the required closeout documentation, the project will be eligible for Final Completion and final payment.

The details of Change Order #6 are attached for your review. A summary of all change orders is provided below.

Description	Approval	Amount
Original Contract	Council 4/24/2025	\$5,191,817.00
Change Order #1	Council 7/24/2025	\$59,075.00
Change Order #2	City Administrator 12/5/2025	\$5,190.00
Change Order #3	Council 12/11/2025	\$47,191.36
Change Order #4	Council 2/12/2026	\$70,664.30
Change Order #5	Council 5/28/2026	\$38,500.00
Change Order #6	For Council Approval	-\$37,438.20
Revised Contract Total		\$5,374,999.46

City staff recommends approval of Change Order #6 to Kansas Heavy Construction LLC for the East 2nd Street/Edgewood and East 3rd Street Reconstruction Project.

Related Ordinance(s) or Statue(s):

City Council Action Item

Council Meeting Date: July 23, 2026

Department: Public Works

Agenda Item: Consider a Change Order #1 to the Professional Services Agreement with Scarecrow Farm and Lawn for Right-of-Way Mowing and Edge Maintenance

Background/Description of Item:

On February 26, 2026, City Council approved a professional services agreement with Scarecrow Farm and Lawn for mowing and edging services for 2026 to 2028.

The contract was awarded in the amount of \$23,152. The contract includes mowing of areas held within the 207th Grade Separation project, however as the growing season started, staff learned there were 2 parcels that did not get included. These areas are on the East side of the Grade Separation and outlined in red on the attached maps. Staff worked with Scarecrow to get pricing to include these areas going forward.

The term for the contract is 3 years, from 2026 to 2028. Each year mowing occurs bi-weekly, therefore there are 16 scheduled mows in each area, but with 2026 being partially complete, there are only 10 mows remaining this year.

The change order includes the following areas:

- #1 at \$110 per mow
- #2 at \$165 per mow

For 2026 with 10 mowings, the increase is scheduled to be \$2,750. Then in 2027 and 2028 with 16 mowings each, the increase is scheduled to be \$4,400 annually.

The mowing contract for 2026 would increase to \$25,902. For 2027 and 2028 the contract would total \$27,552 each year.

Staff recommends approval of Change Order #1 to Scarecrow Farm and Lawn.

Related Ordinance(s) or Statue(s): N/A

Funding Source: General Fund – Public works

Budget Allocated: \$24,000

x Karen E. Kindle

Finance Director Approval: Karen Kindle, Finance Director

Recommendation: Approve Change Order #1 to the Professional Services Agreement with Scarecrow Farm and Lawn for Right-of-Way Mowing and Edge Maintenance at amount not to exceed \$2,750 for 2026 and \$4,400 annually for 2027 and 2028.

City Council Action Item

Council Meeting Date: July 23, 2026

Department: Public Works

Agenda Item: Consider Authorization to Submit a KDOT Carbon Reduction Program (CRP) Grant Application and a \$200,000 Local Match for the Nelson Street Pedestrian Corridor Improvement Project

Background/Description of Item:

The Kansas Department of Transportation (KDOT) administers the Carbon Reduction Program (CRP), which makes state and federal funding available to Kansas communities for projects that reduce transportation emissions, including pedestrian and active transportation infrastructure. KDOT has indicated it is prioritizing small Kansas communities that are ready to deliver accessible pedestrian improvements. Toward this goal, City Staff have identified the following alignment with existing City priorities.

1. The Envision Edgerton 2050 Comprehensive Plan directly names Nelson Street as a corridor to prioritize for pedestrian enhancements and to adopt a Complete Streets policy (Policy 3.3.4; Action 3.3.6).
2. The Edgerton Trails Master Plan identifies Nelson Street as the City's main pedestrian thoroughfare and recommends widening sidewalk on both sides of the corridor to improve safety and connectivity to Edgerton Elementary School (Recommendation S1).
3. The Downtown Edgerton Master Plan's proposed Nelson Street streetscape design already calls for a widened sidewalk zone and traffic calming to support safe pedestrian activity.
4. The City's 2026 Citizen Survey identified street lighting and sidewalk maintenance as the two highest-priority Public Works services among all categories surveyed.

City Staff are currently in scope negotiations with an engineering firm for a future Safe Streets for All (SS4A) Safety Action Plan; that work has not yet formally begun. During those discussions, the firm notified City Staff that CRP funding is currently available. This is a competitive, state-funded grant cycle, and there is a possibility that this specific funding will not be available again after this cycle.

The Nelson Street Pedestrian Corridor Improvement Project is not included in the 2026-2030 Capital Improvement Program. However, after learning about this unique grant opportunity targeted at smaller cities able to quickly deliver projects focused on accessible pedestrian improvements, Staff developed a project that brings together City Council priorities with the grant program.

The Nelson Street Pedestrian Corridor Improvement Project would reconstruct sidewalk and ramps on both sides of Nelson Street, from East 3rd Street to West 8th Street to meet current ADA and PROWAG standards. The project also includes pedestrian-scale LED street lighting, compliant driveway crossings, a rectangular rapid-flash beacon (RFB) at the school crossing, and elimination of informal crossing points within the school zone. Scope details will be confirmed by the engineer during design. Nelson Street is the City's main pedestrian thoroughfare and a priority corridor named in the Envision Edgerton 2050 Comprehensive Plan, the Edgerton Trails Master Plan, and the Downtown Edgerton Master Plan.

The project will close existing sidewalk gaps and create a complete, continuous pedestrian route connecting residential neighborhoods, Edgerton Elementary School, and Downtown Edgerton for students, families, older adults, and residents without reliable vehicle access.

To complete construction before the start of the 2027-2028 school year, design must begin in January 2027. Staff intend to submit the CRP grant application within the current KDOT funding cycle, with an award decision expected this fall.

The total estimated project cost is \$875,000: \$350,000 for sidewalk construction, \$316,200 for street lighting, and \$208,800 for design, mobilization, and site construction, including utility relocation, grading, restoration, drive approaches, pavement markings, and signage. Staff recommend requesting \$1,000,000 in CRP funding, which includes contingency for bid pricing and utility-relocation uncertainty.

KDOT CRP is a competitive grant program, and awards are not guaranteed. Staff recommend applying for \$1,000,000 in CRP funding for this project (\$800,000 requested from KDOT plus a \$200,000 City match). Staff proposes using unencumbered fund balance in the General Fund for the City's match. If the City is not awarded funding in this cycle, there is a possibility that this specific funding opportunity will not be available again.

If the City is successful in being awarded this grant, staff will notify Council and bring forward the project design and construction contract, along with any necessary budget amendments, at a future Council meeting.

City Council Action Item

Council Meeting Date: July 23, 2026

Department: Public Works

Agenda Item: Consider Award of Construction to Mid America Road Builders for the 2026 Street Preservation Program - Chip Seal Project.

Background/Description of Item:

During the 2026-2030 CIP Work Session, City Council identified the 2026 Street Preservation Program for street infrastructure in selected areas as determined by City Staff using tools in the Pavement Management Program. The 2026 Street Preservation Program includes three categories of work: a Pavement Marking Project, a Concrete Project and this Chip Seal Project. City Council approved contracts for the Pavement Marking Project and Concrete Project at the May 28, 2026, City Council Meeting. The Chip Seal Project is being brought to City Council at this time.

On July 10, 2026, the City of Edgerton held a public bid opening. A total of three (3) bids were received, opened and read aloud to the public. This project consists of approximately 10,990 square yards of Chip Seal surface treatment in the residential portion of Edgerton, including W 7th Street, W Hullet Street, 1st Street, E Hullet Street and E McCarty Street shown in green on the map enclosed.

Total Bids

Mid America Road Builders	\$47,238.62
Vance Brothers	\$71,740.00
APAC	\$77,545.30
Engineer Estimate	\$56,441.13

The bids ranged from a low of \$47,238.62 to a high of \$77,545.30.

This project will be funded from the 2026 Street Preservation Program. This year's program consists of 3 projects and their respective budgets are listed below:

2026 Street Preservation Budget	\$147,000
Chip Seal	\$47,238.62
Pavement Markings	\$18,363.00
Concrete	\$60,135.00
Total Budget Remaining:	\$21,263.38

Recommendation for 2026 Street Preservation Program

Staff have reviewed all bids and recommend approving the award in the amount of \$47,238.62 to Mid America Road Builders. All bid tabulation information has been included in the enclosed documents. The project manual has previously been approved by City Attorney.

EDGERTON
global routes. local roots.

404 East Nelson
Edgerton, KS 66021
P: 913.893.6231
EDGERTONKS.ORG

DATE: July 22, 2026

TO: Mayor and City Council Members

FROM: Beth Linn, City Administrator

SUBJECT: Petition for Proposed Ordinance to Prohibit High Impact Data Centers in Edgerton

On July 15, the City of Edgerton received a Petition for Proposed Ordinance to Prohibit High Impact Data Centers. A copy of that Petition is enclosed with this packet.

The Petition references Kansas Statute K.S.A. § 12-3013 Petition for proposed ordinance. Additionally, Kansas Statute K.S.A. § 25-3601 describes the procedure to determine the sufficiency of petitions. Copies of both statutes are enclosed with this memo for reference.

Signature Verification (Johnson County Election Office)

The City submitted the Petition to the Johnson County Election Office on July 16 to verify the signatures as described in K.S.A. § 12-3013. On July 20, the Election Office notified the City that process was complete via the letter enclosed with this memo. In short, the petition included 208 signatures submitted. Kansas law required 73 signatures and 75 were accepted by the Election Office, thus meeting the statutory required number of signatures.

Form Verification (Johnson County Attorney)

The City contacted the Johnson County Attorney as described in K.S.A. § 25-3601 to receive the written advisory opinion as to the legality of form of the question. The Johnson County Attorney's Office provided the City a copy of a letter originally provided to Carrie Schmidt on July 2 that confirmed the legality of form of the question.

Next Step

Petitions are allowed under K.S.A. § 12-3013. The Petition signatures have been certified by the County and the Question form submitted was deemed valid by the County Attorney, but these are only approvals as to the general form of the Petition.

Under the law, the City Council may:

- 1) Approve the Petition (without alteration) as an ordinance of the City within 20 days after attachment of the clerk's certificate to the accompanying petition, giving it the effect of being an ordinance passed by the City.

OR

- 2) The Council may present the Petition (without alteration) for a vote at a special election, unless a regular city election is within 90 days.

K.S.A. § 12-3013 also states that the provisions of this section shall not apply to:

- (1) Administrative ordinances;
- (2) ordinances relating to a public improvement to be paid wholly or in part by the levy of special assessments; or
- (3) ordinances subject to referendum or election under another statute.

At the July 23 City Council meeting, City Attorney will review with City Council the standards for the Petition and discuss options for council consideration.

Any ordinance proposed by a petition that is passed by the governing body or adopted by a vote of the electors, shall not be repealed or amended except (1) by a vote of the electors, or (2) by the governing body, if the ordinance has been in effect for 10 years from the date of publication, if passed by the governing body, or from the date of the election, if adopted by a vote of the electors.

07.15.2026

Petition For Proposed Ordinance To Prohibit High Impact Data Centers In The City Of Edgerton To Prevents Industrial Nuisances, Protect The Property Of Its Residents, And Preserve Municipal Resource Capacity has been received on July 15, 2026 at 1:16 PM via City Clerk, Dusti Callahan.

Dusti Callahan

RECEIVED

JUL 15 2026

SC pgs 34

**PETITION FOR PROPOSED ORDINANCE TO PROHIBIT HIGH
IMPACT DATA CENTERS IN THE CITY OF EDGERTON TO PREVENT
INDUSTRIAL NUISANCES, PROTECT THE PROPERTY OF ITS
RESIDENTS, AND PRESERVE MUNICIPAL RESOURCE CAPACITY.**

High Impact Data Centers present substantial risks to the public health, welfare, and peace of the residents of Edgerton, Kansas, and threaten the potential and capacity of local and regional infrastructure, including utilities. These facilities release massive amounts of heat and noise into the surrounding area, disrupting the local environment and affecting nearby residents and businesses. These facilities require extreme electrical loads that can stress local and regional power grids, require massive power infrastructure expansion, impose substantial load on local and regional utilities, and compete directly with the essential needs of residents and other community uses, potentially harming future city development and population growth.

We, the undersigned electors of the City of Edgerton, Kansas, hereby submit this Petition for a proposed ordinance pursuant to K.S.A. § 12-3013 and respectfully request that the governing body of the City of Edgerton pass the following ordinance without alteration or submit the same to a vote of the electors.

ORDINANCE NO. _____

**AN ORDINANCE OF THE CITY OF EDGERTON, KANSAS PROHIBITING THE
INSTALLATION AND OPERATION OF HIGH IMPACT DATA CENTERS TO PREVENT
INDUSTRIAL NUISANCES, PROTECT THE PROPERTY OF ITS RESIDENTS, AND
PRESERVE MUNICIPAL RESOURCE CAPACITY**

WHEREAS, High Impact Data Centers represent a rapidly evolving land use that has only recently begun to be proposed in jurisdictions across the United States, and that such facilities are largely unstudied in these areas and generate large negative environmental and potential health impacts, including industrial-scale land and regional residential environment disruption;

WHEREAS, emerging forms of High Impact Data Center development involve significant electrical and water consumption depending on facility design and cooling technologies with high demand on regional infrastructures that have not been adequately evaluated or addressed;

WHEREAS, High Impact Data Centers require extraordinary amounts of electrical power, water for cooling, and generate significant noise and heat by design, straining municipal utilities, impacting quality of life, imposing significant industrial nuisance, and causing adverse effects on public welfare;

WHEREAS, High Impact Data Centers are typically designed with some form of scalability, implicating unknown and increasing amounts of water and energy usage;

WHEREAS, the extreme electrical loads required by High Impact Data Centers necessitate the construction of novel high-voltage transmission lines, electrical substations, and other energy infrastructure development, likely necessitating involuntary property condemnation and taking of private land via utility easements;

WHEREAS, the continuous operation of High Impact Data Centers requires massive

industrial cooling arrays that generate severe and unremitting noise pollution and localized thermal exhaust, creating an industrial nuisance that degrades the peace of surrounding public and private property;

WHEREAS, the Governing Body finds that a facility requiring a peak electrical load exceeding ten (10) megawatts or a daily water draw exceeding one hundred thousand (100,000) gallons constitutes the threshold at which a single use necessitates disruptive regional infrastructure expansion and requires industrial equipment and facilities that generate severe noise pollution.

**NOW, THEREFORE, BE IT ORDAINED BY THE GOVERNING BODY OF
THE CITY OF EDGERTON, KANSAS:**

SECTION 1. The purpose of this Ordinance is to protect the public health, safety, peace, and welfare of the residents of Edgerton, Kansas, and to safeguard the stability and capacity of local and regional infrastructure and the peace and welfare of city residents and businesses, from the substantial risks posed by High Impact Data Centers. The Governing Body finds and declares as follows:

(a) General Welfare Protection. Protecting citizens from the threat of eminent domain and utility easements, preserving utility capacity for diverse municipal growth, and preventing industrial noise nuisances are fundamental exercises of the City's constitutional and statutory police powers to protect the public health, safety, and general welfare.

(b) Public Infrastructure Preservation as a Core Duty. The Governing Body finds that the preservation of municipal utility capacity—specifically the city's electrical distribution grid and public water supply for future growth and development—is essential to the public health, safety, and general welfare of the residents of Edgerton, Kansas.

(c) Unexplored City Power Distribution. The Governing Body finds that the novel and unprecedented municipal energy agreements required to service High Impact Data Centers present significant, unquantifiable risks to the stability of the local energy grid and the general welfare of City residents. Furthermore, the extraordinary electrical load demanded by such facilities necessitates massive and disruptive regional infrastructure expansion—specifically the construction of high-voltage transmission corridors, the involuntary condemnation of private property via utility easements, and the physical displacement of residents from their homes.

(d) Inadequacy of Existing Regulatory Frameworks. The rapid, unprecedented emergence of these high-impact, infrastructure-depleting facilities represents a novel depletion of municipal resources that cannot be managed through standard administrative oversight.

(e) Reasonable Exercise of Police Power. Therefore, a total prohibition on High Impact Data Centers is a necessary, reasonable, and narrowly tailored exercise of the City's inherent police power to protect the City's infrastructure and future growth, preserve the water and energy municipal rights of citizens, and protect the lives, safety, and quality of life of the citizens of Edgerton.

SECTION 2. For the purposes of this Ordinance, the following term shall have the meaning indicated:

“High Impact Data Center” means a principal use consisting of one or more buildings, structures, or facilities whose primary purpose is the housing, operation, and maintenance of computer servers, data storage devices, networking equipment, and associated infrastructure (including but not limited to cooling systems, backup power generators, substations, and high-capacity electrical and water systems) for the bulk processing, storage, or transmission of electronic data, that requires a peak electrical load exceeding ten (10) megawatts, **or** a daily water draw exceeding one hundred thousand (100,000) gallons. This term includes server farms, colocation facilities, AI training facilities, cryptocurrency mining operations, and similar high-density computing facilities. This definition does **not** include accessory data processing equipment that is incidental and subordinate to the primary use of a building (e.g., ordinary office servers, school computer labs, or manufacturing process controls).

SECTION 3. No person, firm, corporation, or other entity shall construct, install, operate, maintain, or cause to be constructed, installed, operated, or maintained, any High Impact Data Center.

SECTION 4. Any violation of these High Impact Data Center regulations shall be subject to the same enforcement requirements, including the civil and criminal penalties provided for in the City of Edgerton City Code, or applicable City of Edgerton, State of Kansas, or federal law for violation of an ordinance.

SECTION 5. If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct, and independent provision, and such holding shall not affect the validity of the remaining portions hereof. Similarly, if any exemption, variance, or procedural provision is found invalid, it is the express intent that the core prohibitions shall remain in effect to the maximum extent permitted by law.

SECTION 6. Where the requirements of this Ordinance impose a different restriction or requirement than imposed by other sections of the City of Edgerton City Code, or other applicable rules or regulations, the requirements of this Ordinance shall prevail.

SECTION 7. This Ordinance shall take effect and be in force upon publication as required by K.S.A. § 12-3007, or upon approval by the electors pursuant to K.S.A. § 12-3013, as applicable by law.

WHEREFORE, as of the ____ day of _____, 2026, we, the qualified electors of the City of Edgerton, Kansas, hereby submit this Petition for a proposed ordinance pursuant to K.S.A. § 12-3013 and respectfully request that the governing body of the City of Edgerton either pass the above ordinance without alteration or submit the same to a vote of the electors.

We, the undersigned qualified electors of the City of Edgerton, Kansas, hereby petition the governing body of the City of Edgerton, pursuant to K.S.A. § 12-3013, to either pass the above ordinance prohibiting High Impact Data Centers in The City of Edgerton, Kansas to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity or to submit the same to a vote of the electors. BALLOT QUESTION: "Shall the following be adopted? An ordinance of the City of Edgerton, Kansas prohibiting the installation and operation of High Impact Data Centers to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity."

"I have personally signed this petition. I am a registered elector of the State of Kansas and of the City of Edgerton and my residence address is correctly written after my name."

My Commission Expires: 06/20/2030

We, the undersigned qualified electors of the City of Edgerton, Kansas, hereby petition the governing body of the City of Edgerton, pursuant to K.S.A. § 12-3013, to either pass the above ordinance prohibiting High Impact Data Centers in The City of Edgerton, Kansas to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity or to submit the same to a vote of the electors. BALLOT QUESTION: "Shall the following be adopted? An ordinance of the City of Edgerton, Kansas prohibiting the installation and operation of High Impact Data Centers to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity."

"I have personally signed this petition. I am a registered elector of the State of Kansas and of the City of Edgerton and my residence address is correctly written after my name."

My Commission Expires: 06/20/2030

We, the undersigned qualified electors of the City of Edgerton, Kansas, hereby petition the governing body of the City of Edgerton, pursuant to K.S.A. § 12-3013, to either pass the above ordinance prohibiting High Impact Data Centers in The City of Edgerton, Kansas to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity or to submit the same to a vote of the electors. BALLOT QUESTION: "Shall the following be adopted? An ordinance of the City of Edgerton, Kansas prohibiting the installation and operation of High Impact Data Centers to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity."

"I have personally signed this petition. I am a registered elector of the State of Kansas and of the City of Edgerton and my residence address is correctly written after my name."

We, the undersigned qualified electors of the City of Edgerton, Kansas, hereby petition the governing body of the City of Edgerton, pursuant to K.S.A. § 12-3013, to either pass the above ordinance prohibiting High Impact Data Centers in The City of Edgerton, Kansas to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity or to submit the same to a vote of the electors. BALLOT QUESTION: "Shall the following be adopted? An ordinance of the City of Edgerton, Kansas prohibiting the installation and operation of High Impact Data Centers to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity."

"I have personally signed this petition. I am a registered elector of the State of Kansas and of the City of Edgerton and my residence address is correctly written after my name."

Dusti Callahan
City Clerk
404 East Nelson
Edgerton, KS 66021

Dear Dusti Callahan:

The Johnson County Election Office has completed petition signature verification, in compliance with the Kansas Election Standards Chapter V verification chart, for a petition regarding a proposed ordinance for Edgerton to prohibit high impact data centers, submitted by the Edgerton City Clerk on July 16, 2026. I make no determination as to the legal sufficiency of the petition.

- **Signatures submitted: 208**
- **Signatures required per K.S.A. 12-3013 (“...electors equal in number to at least 40% in cities of the third class...of the electors who voted at the last preceding regular city election”): 73**
- **Total accepted signatures: 75**

We will need the City’s written confirmation of:

1. Whether the petition is valid
2. if valid and an election is called, the question for the ballot, and
3. the date requested for the election

Sincerely,

Connie Schmidt
Election Commissioner

July 2, 2026

Written Advisory Opinion
Pursuant to K.S.A. 25-3601

Dear Ms. Schmidt:

On Thursday, June 26, 2026, this office received by hand delivery your petition entitled, "Petition for Proposed Ordinance to Prohibit High Impact Data Centers in the City of Edgerton to Prevent Industrial Nuisances, Protect the Property of its Residents, and Preserve Municipal Resource Capacity." K.S.A. 25-3601 requires that a copy of any petition be submitted to the county counselor for a written advisory opinion as to the *legality of the form of the question*. Accordingly, our opinion is limited to that issue. A written advisory opinion from this office that approves the legality of the form of the question gives a rebuttable presumption that the form of the question complies with the requirements of K.S.A. 25-3601 et seq. We have reviewed your petition and have considered certain legal authorities, including, but not limited to, K.S.A. 12-3013 and K.S.A. 25-3601 et seq.

Determining the sufficiency of the substantive portions of the petition and of the text of the proposed ordinance requires the exercise of discretionary judgment traditionally viewed under Kansas law as the responsibility of the governing body to which the petition is addressed. Accordingly, such substantive portions will be determined by the City of Edgerton.

K.S.A. 25-3601(a) requires that, "[i]f a petition is required or authorized as a part of the procedure applicable to [. . .] any county, city, school district or other municipality, or part thereof, the provisions of K.S.A. 25-3601 et seq., and amendments thereto, shall apply." Subsection (d) of that statute provides that, if there is another statute with specific requirements that differ from K.S.A. 25-3601, then the more specific statute shall control. Your petition form makes a request that the governing body of the City of Edgerton pass a proposed ordinance or submit such ordinance to a vote of the electors as contemplated by K.S.A. 12-3013. K.S.A. 12-3013(b) requires that, "[e]ach proposed ordinance set forth in full or submitted by title generally descriptive of the contents thereof shall be preceded by the words, 'Shall the following be adopted?'"

Your submitted petition form includes the full text of the proposed ordinance and a proposed ballot question as follows: "Shall the following be adopted? An ordinance of the City of Edgerton, Kansas prohibiting the installation and operation of High Impact Data Centers to prevent industrial nuisances, protect the property of its residents, and preserve municipal resource capacity." Your petition includes the phrase, "shall the following be adopted?" followed by the exact title of the proposed ordinance, words that are generally descriptive of the contents of such ordinance.

Therefore, we opine that the form of the question presented conforms with the applicable statutory requirements, with these caveats: 1) The ballot question must include the entire ordinance or an ordinance title "generally descriptive of the contents" as required by K.S.A. 12-3013(b); and 2) you must ensure that the ordinance you propose is in proper form pursuant to Kansas law. Please note that we do not opine as to whether your petition form is appropriately submitted under K.S.A. 12-3013, whether the ordinance you have submitted is in proper form, or whether the statements made in the ordinance are accurate. Additionally, although not necessarily part of the analysis of the legality of the form of the question, we observe that your petition appears to include the necessary elements pursuant to K.S.A. 25-3602, including the question you seek to bring to an election, the name of the political subdivision in which an election is sought to be held, the recital required for all petition signers, and the recital and acknowledgement required for petition circulators.

This opinion is limited to the legality of the form of the question, and we recommend careful review of the legal requirements for the petition form, the form of the question, the signature, verification, and circulation requirements, timing requirements, and filing requirements.

Sincerely,

Scott Abbott, Assistant County Counselor

cc: Peggy A. Trent, Chief Counsel and Director of Legal Department
Connie Schmidt, Johnson County Election Commissioner
