**STAFF REPORT**

March 12, 2019

To: Edgerton Planning Commission  
Fr: Chris Clinton, Planning and Zoning Coordinator  
Re: Applications **ZA2019-01, ZA2019-02, ZA2019-03, and ZA2019-04** - Rezoning of four (4) parcels of land generally located at the northeast corner of Waverly Road and 207<sup>th</sup> Street, and south of 199<sup>th</sup> Street.

**APPLICATION INFORMATION**

**Applicant:** Brett Powell, Agent  
NPD Management, LLC  
4825 NW 41<sup>st</sup> Street, Suite 500  
Riverside, MO 64150

**Property Owners:** Wellsville Farms, LLC,  
Hillsdale Farms, LLC, and  
East Kansas Land & Cattle Company, LLC  
4187 Louisiana Ter  
Ottawa, KS 66067

**Requested Action:** Rezoning from City of Edgerton A-G (Agricultural) Zoning District to City of Edgerton L-P (Logistics Park) Zoning District.

**Legal Description:** A tract of land in the Northeast Quarter of Section 11, Township 15 South, Range 22 East, Johnson County, Kansas and tracts of land in the Southwest Quarter of Section 11, Township 15 South, Range 22 East; see attached applications for complete legal description by parcel.

**Site Address/Location:** Generally located south of 199<sup>th</sup> Street and northeast of the corner of 207<sup>th</sup> Street and Waverly Road

**Existing Zoning and Land Uses:** City of Edgerton Agricultural (A-G)

**Existing Improvements:** None.

**Site Size:** 201 acres

**REASON FOR REZONING REQUEST:**

This rezoning is being requested for future intermodal-related, logistics park development. These properties were annexed into the City of Edgerton on March 15, 2018 as part of the Phase II expansion of Logistics Park Kansas City (LPKC). LPKC is a 1,700-acre master-planned distribution and

warehouse development anchored by the Burlington Northern Santa Fe Railway (BNSF) intermodal facility, which opened in late 2013 and is located approximately two miles north and west of the subject sites. Companies located within LPKC benefit from significant transportation savings with direct access to heavy-haul corridors.

The subject properties are outlined in red and shown on the following maps. **Figure 1** shows the parcels to be rezoned and the parcel numbers per Johnson County AIMS. **Figure 2** is color coded to show the current zoning designation for both the parcels requesting rezoning and the adjacent parcels.

Color coding is designated as follows:

- Green – RUR (Rural) or AG (Agricultural). The RUR zoning designation is for unincorporated Johnson County parcels and is defined as *rural, agricultural uses and single-family dwellings, 10-acre minimum lot size*. The AG Agricultural zoning designation is a City of Edgerton zoning designation for agricultural parcels.
- Purple – LP (Logistics Park) District. The LP zoning designation is a City of Edgerton zoning designation for parcels containing Logistics Park zoning and operations. The parcel shown in purple in Figure 2 is currently vacant.

**Figure 1**

**Figure 2**

Adjacent zoning designation for each parcel to be rezoned is as follows:

- **ZA2019-01** – RUR zoning designation on parcels north, east and west; AG zoning designation on parcels to the south.
- **ZA2019-02** – RUR zoning designation on parcel north; AG zoning on parcels south and east; LP zoning designation on parcels to the west.
- **ZA2019-03** – RUR zoning designation on parcels north, south and east; LP zoning designation to the west.
- **ZA2019-04** – RUR zoning designation on parcels north, south and east; LP zoning designation to the west.

**Figure 3** below shows aerial pictography which allows the viewing of buildings and/or structures on adjacent parcels. Those are circled in green.

**Figure 3**

## INFRASTRUCTURE AND SERVICES

1. Access to the parcels would be from 207<sup>th</sup> Street, Waverly Road, and 199<sup>th</sup> Street.
2. Utilities and service providers.
  - a. Water - Johnson County Water District #7
  - b. Sanitary Sewer - City of Edgerton
  - c. Electrical Service - Kansas City Power & Light
  - d. Gas Service – Kansas Gas Service
  - e. Police services are provided by the City of Edgerton through the Johnson County Sheriff's Office
  - f. Fire protection is provided by Johnson County Fire District #1
3. Property is located within the Bull Creek watershed.

## PROPERTY ZONING HISTORY

The subject properties were annexed into the City of Edgerton on March 15, 2018. Prior to that, the property was in unincorporated Johnson County and as of this application the parcels remain zoned City of Edgerton Agricultural (A-G).

## STAFF ANALYSIS

The applicant has requested rezoning to Logistics Park (L-P) District. The City's Unified Development Code (UDC) states the purpose of the L-P District is to create a limited multimodal industrial zone that provides for modern type industrial uses or industrial park to support activities related to trade, rail and other transport services. Limitations are placed on the uses in the district to significantly restrict the outside activities and outside storage of materials, noise, vibration, etc. The UDC also states manufacturing uses should be conducted within a totally enclosed building. The conduction of outdoor activities and outdoor storage is not allowed. External effects such as excessive noise or odor should not extend beyond the property lines.

Permitted uses within the L-P District include warehousing/distribution centers; motor freight transportation terminals; manufacturing, processing, fabrication or assembly of commodity – limited; along with other permitted uses.

Staff has reviewed this rezoning application with respect to the Edgerton Unified Development Code, the laws of Kansas, and the "Golden Criteria" as established by the Supreme Court of Kansas in 1978. The following is staff's review.

1. **Need for the Proposed Change** - The applicant has requested L-P Zoning District designation to allow construction of projects similar to other projects in L-P zoned areas. Given the parcels' proximity to LPKC Phases I and II, the BNSF Railway intermodal facility and I-35, L-P District zoning is the most compatible designation for these uses.
2. **Magnitude of the Change** - The existing City zoning of these parcels is for Agricultural purposes only. Due to the unexpected pace of development in Phase I of LPKC, the need to expand has grown. These parcels are part of the area which would comprise the Phase II expansion of LPKC. The Comprehensive Plan for the City of Edgerton does not currently address properties south of I-35, however the proposed rezonings are compatible with the spirit and intent of future development as outlined by both the Edgerton Comprehensive Plan and the Southwest Johnson County Area Plan. Due to the property's proximity to LPKC, the BNSF Railway intermodal facility, I-35 and the Homestead Interchange, the magnitude of the

change is not considered extreme or rare when property is being developed for its planned end use, industrial development.

3. **Whether or not the change will bring harm to established property rights** - The subject properties are surrounded by undeveloped acreage and low-density rural single-family residential. If rezoned L-P, as requested, a separate Site Plan review and approval will be required before any building permits would be issued. Part of a Site Plan review would include attention to buffering and setbacks, stormwater management and transition of uses between adjoining properties and any proposed industrial use. This Site Plan review will help mitigate impact that might occur to adjacent properties.
4. **Effective use of Land** - L-P District permitted uses at these locations are an effective and efficient use of the property due to its proximity to the BNSF Railway intermodal facility, LPKC and the I-35 interstate system.
5. **The extent to which there is a need in the community for the uses allowed in the proposed zoning** - Construction of warehousing, distribution, limited manufacturing and related uses near the intermodal facility allows an inland port for goods in transit, by reducing truck traffic in the surrounding area and allowing for more efficient use of the supply chain.
6. **The character of the neighborhood, including but not limited to: zoning, existing and approved land use, platting, density (residential), natural features, and open space** – These parcels are located adjacent to the new 207<sup>th</sup> Street corridor and Kubota Tractor North American Distribution Center, the first development in LPKC Phase II. Continued development of the area includes intermodal related uses. With the extensive road improvements, including the interchange at I-35 and Homestead Lane and the improvements on 207<sup>th</sup> Street, the character of the area is changing from rural to industrial. There are some parcels nearby which are zoned RUR which contain single family homes. However, the residential density in this area is lower than some of the parcels adjacent to development in Phase I of LPKC. The site plan review process can mitigate impacts to adjacent properties with the proper attention to buffering and setbacks, stormwater management, and transition of uses.
7. **Compatibility of the proposed zoning and uses permitted therein with the zoning and uses of nearby properties** - The proposed zoning is compatible with the planned future uses of the surrounding property, specifically to the west. The City's Unified Development Code (UDC) states that the purpose of the L-P District is to create a limited multimodal industrial zone which provides for modern types of industrial uses or an industrial park. Limitations are placed on uses in the district to significantly restrict outside activities and the outside storage of materials, noise, vibration, etc. The site plan review process can mitigate impacts to adjacent properties with the proper attention to buffering and setbacks, stormwater management, and transition of uses.
8. **Suitability of the uses to which the property has been restricted under its existing zoning** - The existing Edgerton A-G zoning of the applicant properties is viewed as a holding designation related to the annexation of the parcels. The Edgerton A-G zoning is primarily for agricultural use. An industrial use on a property zoned for agriculture, would not be compatible or appropriate. Therefore, a rezoning to the L-P District is the most appropriate designation for the proposed use.
9. **Length of time the subject property has remained vacant under the current zoning designation** - Based upon available aerial photography, the properties were agricultural use in unincorporated Johnson County, prior to annexation into the City of Edgerton in 2018.
10. **The extent to which the zoning amendment may detrimentally affect nearby property** - The proposed zoning is compatible with the planned future uses of the

surrounding property, specifically to the west. The City's Unified Development Code (UDC) states the purpose of the L-P District is to create a limited multimodal industrial zone that provides for modern types of industrial uses or an industrial park. Limitations are placed on uses in the district to significantly restrict outside activities and the outside storage of materials, noise, vibration, etc. The site plan review process can mitigate impacts to adjacent properties with the proper attention to buffering and setbacks, stormwater management, and transition of uses.

11. **Consideration of rezoning applications requesting Planned Development Districts (PUD) for multifamily and non-residential uses should include architectural style, building materials, height, structural mass, siting, and lot coverage** - This is not a request for a PUD.
12. **The availability and adequacy of required utilities and services to serve the uses allowed in the proposed zoning. These utilities and services include, but are not limited to, sanitary and storm sewers, water, electrical and gas service, police and fire protection, schools, parks and recreation facilities and services, and other similar public facilities and services** – Homestead Lane and 207<sup>th</sup> Street are currently being upgraded into a four-lane, concrete roadway built to accommodate LPKC traffic. This upgrade includes the installation of new utility services to adjacent properties. Water 7, Kansas Gas, KCPL and Century Link have all updated their infrastructure to service adjacent parcels.
13. **The extent to which the uses allowed in the proposed zoning would adversely affect the capacity or safety of that portion of the road network influenced by the uses, or present parking problems in the vicinity of the property** – Homestead Lane and 207<sup>th</sup> Street are under construction to accommodate the traffic that will accompany the Phase II expansion of LPKC. The City is in discussions regarding any improvements that will be required for Waverly Road or other adjacent streets. On-street parking will not be allowed, and the developer will need to provide adequate off-street parking for any development projects.
14. **The environmental impacts that the uses allowed in the proposed zoning would create (if any) including, but not limited to, excessive storm water runoff, water pollution, air pollution, noise pollution, excessive nighttime lighting or other environmental harm** - The City will follow National Pollutant Discharge Elimination System (NPDES) guidelines and stormwater management requirements which require any application to address runoff and water pollution mitigation measures as part of the development of the property. Mitigation of pollution in the form of air, noise, light, etc., will be addressed as part of the Site Plan review process.
15. **The economic impact on the community from the uses allowed in the proposed zoning** - Uses allowed in the L-P District, have the potential to benefit the residents and community in a positive way by providing jobs, economic opportunities and tax revenues to respective jurisdictions.
16. **The relative gain (if any) to the public health, safety, and welfare from a denial of the rezoning application as compared to the hardship imposed upon the rezoning applicant from such denial** - There would be little relative gain, if any, to the public health, safety, and welfare from the denial of these zoning applications. However, the City would be adversely impacted due to the lost opportunities for jobs, economic activity and tax revenue if the anticipated logistics park uses and facilities were to locate in another community.
17. **Consistency with the Comprehensive Plan, Capital Improvement Plan, ordinances, policies, and applicable City Code of the City of Edgerton** - Due to the unexpected pace of development in Phases I and II of Logistics Park Kansas City, the Comprehensive Plan for

the City of Edgerton does not currently address properties south of I-35. However, the proposed rezoning is compatible with the spirit and intent of future development outlined by both the Edgerton Comprehensive Plan and the Southwest Johnson County Area Plan.

18. **The recommendation of professional staff** - See Recommendation below.

**Recommendation:**

City staff recommends **approval** of the proposed rezoning applications ZA2019-01, ZA2019-02, ZA2019-03 and ZA2019-04 from City of Edgerton Agricultural (A-G), to City of Edgerton Logistics Park District (L-P) with the following stipulations:

1. All infrastructure requirements of the City shall be met;
2. All platting requirements of the City shall be met;
3. All Site Plan application requirements of the City shall be met;
4. Prior to issuance of building permits, the property shall be developed in accordance with a Site Plan reviewed and approved by the City.
